

CATALOGUE 2023-2024

DRAINAGE AND WASTE SOLUTION

About Us

After a successful acquisition of VEER PIPES (established in March 2014), our operations are now set with different strategies and SMART goals, striving for the expansion of the new brand, FINLAY PIPES.

History

March 2014: Began manufacturing electrical conduits and drainage pipes in various sizes with just one extrusion machine.

April 2014: Installation of four more extrusion machines, thus expanding our production by 800 metric tons per month, allowing us to cover a major market share in the region.

March 2023: Acquisition by FINLAY BRUSHWARE LTD, leading to more capital investment, brought hiring a skilled work force, better testing instruments and premium quality material.

Why Us?

- **100% use of virgin material** to ensure high quality, durability, and shine in every product
- **4 stages of QC** - from material check to finished goods - all set to KEBS Standard requirements.
- **Competitive prices:** value for customer money
- **Post-purchase services**
- **Highly qualified employees** to ensure the product journey to the customer is at ease.
- Products, vehicles and drivers are available in ex-stock, allowing swift deliveries.

ELECTRICAL CONDUITS

CHARACTERISTICS:

Heavy Duty
Economical
Corrosion resistant
Leak proof
Light in weight

USES:

Electrical cable
installation in
CONSTRUCTION

SIZES:

20MM - 50MM
HEAVY GAUGE
MEDIUM GAUGE

LENGTH:

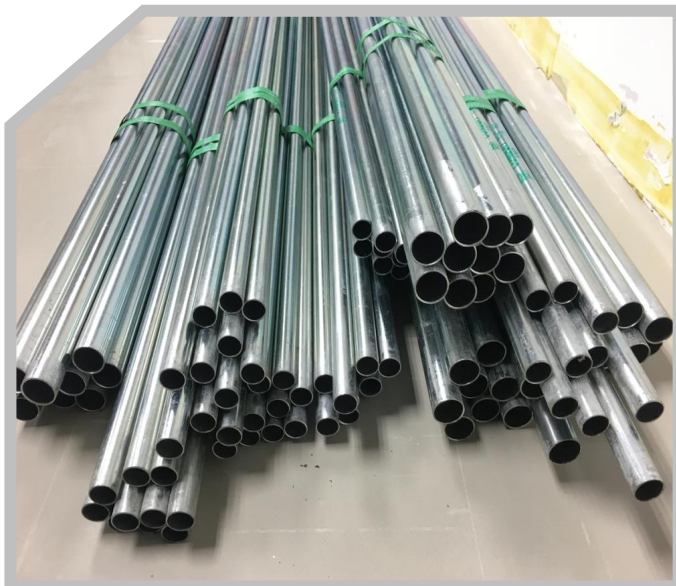

4 MTRS

QUALITY RANGE:

HEAVY
MEDIUM
LOW

PACKING:

20MM - 40PCS
25MM - 30PCS
32MM - 20PCS
50MM - 10PCS

DRAINAGE PIPE

CHARACTERISTICS:

Heavy Duty
Economical
Corrosion resistant
Chemical resistant
Leak proof
Light in weight
Easy to Install
Low heat Conductivity

USES:

Irrigation systems
Civil construction
Water distribution systems
Sewage and Drainage
Drinking water

SIZES:

82MM - 250MM

LENGTH:

6 MTRS

QUALITY RANGE:

HEAVY
MEDIUM

COLOUR:

GOLDEN BROWN
GREY
WHITE

HDPE PIPE

CHARACTERISTICS:

Long last for decades
Economical
Environment friendly
Corrosion resistant
Chemical resistant
Leak proof
Light weight
Flexible

USES:

All plumbing needs
Irrigation
Bore well
Waste water treatment plants
Water application
Transfer of Gas

SIZES:

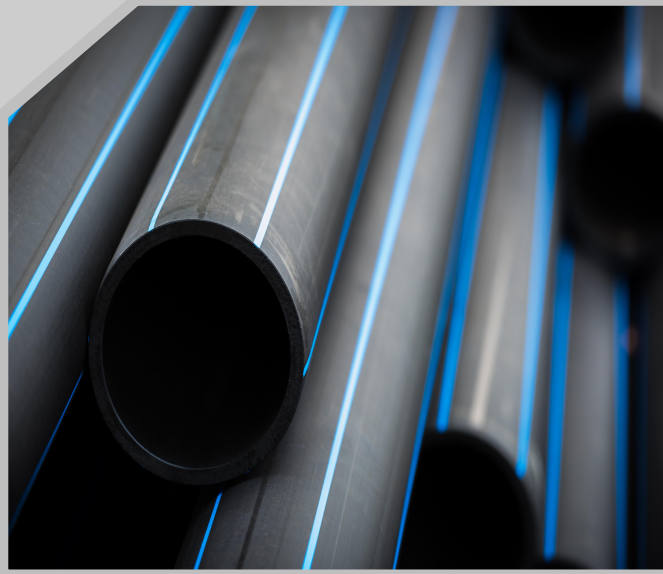

20MM, 25MM
32MM, 50MM
63MM, 75MM
90MM, 110MM

LENGTH:

100MTRS

COLOUR:

BLACK with
BLUE STRIPES

WASTE PIPE

CHARACTERISTICS:

Heavy Duty
Economical
Corrosion resistant
Leak proof
Light in weight
Easy to Install

USES:

Agriculture
Construction
Water application
Drainage sewage

SIZES:

1¼"
1½"
2"
3"

QUALITY RANGE:

HEAVY
MEDIUM

LENGTH:

4MTRS

COLOUR:

GREY

OTHER ITEMS

PVC GLASS RAILING

SIZE: 4MM & 5MM

LENGTH: 2 MTRS

COLOUR: BLACK & WHITE

Other colours available on request

TERAZZO STRIPS

SIZE: ¾" & 1"

LENGTH: 2 MTRS

COLOUR: BLACK & WHITE
